VILLA LEONIDAS
KARDAMILI

The Mani through the year

SPRING, SUMMER, AUTUMN AND WINTER · VILLA LEONIDAS · KARDAMYLI

Spring · March to May

Wildflowers and orchids, the best walking weather and a warming sea. Greek Easter falls on 2 May in 2027. The Kardamyli jazz festival fills the second half of May.

Summer · June to August

The hottest, busiest weeks. Swim early or late, take the gorge walks at dawn and book well ahead. Kalamata's dance festival is usually in July.

Autumn · September to November

A warm sea into October, the Kardamyli Festival in early October and the olive harvest from late October. Quieter roads and villages.

Winter · December to February

Mild, green and very quiet. Olive mills busy, snow on the Taygetos peaks, long walks and longer lunches. Some tavernas close.
